PROFESSIONAL SUMMARY

Instrumentation Supervisor with **8+ years** of experience in **industrial instrumentation maintenance, calibration, troubleshooting, installation and commissioning**, with hands-on experience in **DCS, process analyzers, control valves** and **field instrumentation**. Experienced in supervising maintenance activities, coordinating technicians, planning preventive maintenance, troubleshooting breakdowns, managing instrumentation spares and coordinating with operations for safe and reliable plant operation.

WORK EXPERIENCE

SUPERVISOR-Instrumentation

INOX Air Products Ltd, Hosur, Tamil Nadu

(Dec 2023 – Present)

- Perform **calibration and maintenance of process analyzers** including CO₂, O₂, N₂, THC and Ar analyzers as per SOP requirements.
- Carry out **calibration of field instruments and sensors** and maintain associated records and documentation.
- Perform **DCS parameter and tuning-parameter backups** to support reliable process control and maintenance activities.
- Create and modify **DCS/HMI displays**, perform logic checking and analyze process trends for operational and troubleshooting requirements.
- Commission **new control loops** according to plant requirements and verify proper field-to-DCS signal operation.
- Perform **loop checking of AI, AO, DI and DO signals** between field instruments and the DCS.
- Support installation and maintenance of **RTD, vibration probes and speed probes**, including field verification and adjustment.
- Handle **SAP transactions** related to maintenance work, material requests and material issues.
- Maintain **instrumentation spare-parts inventory** to support maintenance activities and ensure availability of critical components.
- Maintain technical records and documentation in accordance with **ISO and plant documentation requirements**.

Instrumentation Technician

PRAXAIR Pvt Ltd, Tamil Nadu

(Jun 2023 – Dec 2023)

- Performed calibration and maintenance of **Teledyne analyzers** for O₂, CO₂ and THC measurement.
- Performed **Delta F analyzer calibration** for N₂ measurement.
- Calibrated **control valves, transmitters and pressure gauges** and maintained calibration records.
- Diagnosed and performed **maintenance of fire alarm systems**.
- Installed and maintained **vibration probes** and adjusted probe **gap voltage** according to requirements.
- Performed **weighbridge maintenance and calibration**

Instrumentation Technician

KAMATCHI INDUSTRY LTD, Tamil Nadu

(Aug 2022 – Apr 2023)

- Worked in a process plant environment comprising **2 × 35 MW IRCFBC** and **10 MW WHRB** systems.
- Performed **turbine vibration monitoring** using **SPM instrumentation**.
- Carried out **preventive maintenance of turbine temperature elements**.
- Operated and monitored **DCS supervisory and Engineering stations**.
- Performed **calibration and troubleshooting** of control valve positioners, pressure gauges & transmitters.
- Participated in **troubleshooting** activities across both **field instrumentation** and **control-room systems**.
- Performed maintenance of flame scanners in boiler burner areas.

Instrumentation Technician

M/S GANGA ASSOCIATES, Tamil Nadu

(Feb 2021 – Jul 2022)

- Carried out servicing and overhauling of industrial instruments.
- Performed maintenance, **repair, calibration, installation** and **commissioning** of process instrumentation.
- Worked with belt conveyor instrumentation, including **ZSS, PCS and BSS** systems.
- Performed maintenance activities related to **ESP** instrumentation.
- Assisted in tracing and following up **conduit/cable tray routing**, instrument air lines and junction box wiring.

Instrumentation Maintenance Technician

M/S HOFINCONS INFOTECH & INDUSTRIAL SERVICES, Tamil Nadu (Jun 2019 – Feb 2021)

- Performed daily routine and **preventive maintenance** of instrumentation systems.
- Carried out **servicing** and **overhauling** of industrial instruments.
- Performed instrument maintenance, repair, calibration, installation and commissioning.
- Serviced single-point and double-port solenoid valves, including **Festo** and **Rotex** make valves.

Instrumentation Technician

DALMIA CEMENT (BHARAT) LIMITED, Tamil Nadu (May 2018 – May 2019)

- Performed calibration of **thermocouples**, **RTDs** and **pressure gauges** across different measurement ranges.
- Calibrated and verified multimeters used for instrumentation maintenance activities.
- Prepared **calibration certificates** for different types of instruments.
- Performed **soldering** and electronic component repair/rework activities.

TECHNICAL SKILLS

- **Instrumentation:** Instrument Calibration, Preventive & Corrective Maintenance, RTDs, Thermocouples, Pressure/Level/Flow/Temperature Instruments, Pressure Gauges, Transmitters, Control Valves, Positioners, Actuators, Solenoid Valves, Vibration Probes, Speed Probes
- **Process Analyzers:** O₂ Analyzers, CO₂ Analyzers, N₂ Analyzers, THC Analyzers, Argon (Ar) Analyzers, Teledyne Analyzers, Delta F Analyzers, Analyzer Calibration & Maintenance
- **Electrical & Instrumentation:** Hardware Drawings, P&ID Drawings, Junction Box (JB) Wiring, Instrument Air Lines, Cable Tray & Conduit Routing, Hardware Panel Troubleshooting
- **Industrial Instrumentation:** Turbine Instrumentation, Temperature Elements, Vibration Monitoring, Flame Scanners, ESP Instrumentation, Belt Conveyor Instrumentation, Weighbridge Calibration
- **Calibration & Testing:** Instrument Calibration, Calibration Certificates, Calibration Records, Multimeters, Pressure Gauge Calibration, RTD & Thermocouple Calibration, Analyzer Calibration, Vibration Probe Gap Adjustment
- **Maintenance Management:** 5S, Kaizen, SAP, Work Order Posting, Material Requests, Material Issue, Spare Parts Inventory Control, Maintenance Documentation, ISO Documentation, SOP-Based Maintenance
- **Software & Office Tools:** SAP, MS Office, DCS/HMI Systems, MS Excel

COMMISSIONING PROJECTS

- **UHP Oxygen 6N Grade Plant – Instrumentation Commissioning | INOX Air Products**

SOFT SKILLS

- Team Leadership & Supervision, Technician Coordination, Work Allocation, Maintenance Planning,
- Problem Solving, Technical Communication, Cross-Functional Coordination, Time Management, Task Prioritization,
- Safety Awareness, SOP Compliance, Documentation, Teamwork, Adaptability, Attention to Detail.

AWARDS & RECOGNITIONS

- **Critical Fault Troubleshooting Recognition – INOX Air Products:** Recognized for successfully identifying and troubleshooting a critical instrumentation fault that impacted plant operation, contributing to the restoration of reliable plant performance.
- **UHP Oxygen 6N Grade Plant Commissioning Recognition – INOX Air Products:** Recognized for the successful commissioning of the instrumentation system for the UHP Oxygen 6N grade plant, including instrumentation commissioning, loop checking, calibration and control-system verification.

DECLARATION

I hereby declare that the information provided in this resume is true and correct to the best of my knowledge and belief. I take full responsibility for the accuracy of the information furnished above and shall be accountable for any discrepancies, if found.
